

Intertarsal Articulations—	Intertarsal Articulations—	
Talocalcaneal Articulation—	Cuboideonavicular Articulation—	
The Interosseous Talocalcaneal Ligament	The Plantar Ligament	357
Talocalcaneonavicular Articulation	The Interosseous Ligament	357
The Articular Capsule	Intercuneiform and Cuneocuboid Articulation	357
The Dorsal Talonavicular Ligament	The Dorsal Ligaments	357
Calcaneocuboid Articulation	The Plantar Ligaments	357
The Articular Capsule	The Interosseous Ligaments	357
The Dorsal Calcaneocuboid Ligament	Tarsometatarsal Articulations	358
The Bifurcated Ligament	The Dorsal Ligaments	358
The Long Plantar Ligament	The Plantar Ligaments	358
The Plantar Calcaneocuboid Ligament	The Interosseous Ligaments	358
The Ligaments Connecting the Calcaneus and Navicular	Intermetatarsal Articulations	358
The Plantar Calcaneonavicular Ligament	The Dorsal Ligaments	358
Cuneonavicular Articulation	The Plantar Ligaments	358
The Dorsal Ligaments	The Interosseous Ligaments	358
The Plantar Ligaments	The Transverse Metatarsal Ligament	359
Cuboideonavicular Articulation	Metatarsophalangeal Articulations	359
The Dorsal Ligament	The Plantar Ligaments	359
	The Collateral Ligaments	359
	Articulations of the Digits	359
	Arches of the Foot	360

MYOLOGY.

MECHANICS OF MUSCLE.	Quadratus Labii Inferioris	383
The Direction of Muscle Pull	Triangularis	383
The Action of Muscle Pull on Tendon	Buccinator	384
The Strength of Muscles	Pterygomandibular Raphé	384
The Work Accomplished by Muscles	Orbicularis Oris	384
The Action of Muscles on Joints	Risorius	385
	<i>The Muscles of Mastication.</i>	
	Parotidomasseteric Fascia	385
	Masseter	385
	Temporal Fascia	386
	Temporalis	386
	Pterygoideus Externus	386
	Pterygoideus Internus	387
	THE FASCIÆ AND MUSCLES OF THE ANTERO-LATERAL REGION OF THE NECK.	
	<i>The Superficial Cervical Muscle.</i>	
	Superficial Fascia	387
	Platysma	388
	Variations	388
	<i>The Lateral Cervical Muscles.</i>	
	The Fascia Colli	388
	Sternocleidomastoideus	390
	Variations	390
	Triangles of the Neck	390
	<i>The Supra- and Infrahyoid Muscles.</i>	
	Digastricus	391
	Variations	391
	Stylohyoideus	392
	Variations	392
	The Stylohyoid Ligament	392
	Mylohyoideus	393
	Variations	393
	Geniohyoideus	393
	Sternohyoideus	393
	Variations	393
	Sternothyroideus	393
	Variations	394
	Thyreohyoideus	394
	Omohyoideus	394
	Variations	394
	<i>The Anterior Vertebral Muscles.</i>	
	Longus Colli	394
	Longus Capitis	395
	Rectus Capitis Anterior	395
	Rectus Capitis Lateralis	395
DEVELOPMENT OF THE MUSCLES.		
The Vento-lateral Muscles of the Neck		371
Muscles of the Shoulder Girdle and Arm		371
The Muscles of the Leg		372
The Muscles of the Head		372
Striped or Voluntary Muscle		373
Vessels and Nerves of Striped Muscle		376
TENDONS, APONEUROSES, AND FASCIÆ.		
Tendons		376
Aponeuroses		376
Fasciæ		376
THE FASCIÆ AND MUSCLES OF THE HEAD.		
<i>The Muscles of the Scalp.</i>		
The Skin of the Scalp		378
The Superficial Fascia		378
Epicranius		378
Occipitalis		379
Frontalis		379
Galea Aponeurotica		380
<i>The Muscles of the Eyelid.</i>		
Orbicularis Oculi		380
Corrugator		381
<i>The Muscles of the Nose.</i>		
Procerus		382
Nasalis		382
Depressor Septi		382
Dilator Naris Posterior		382
Dilator Naris Anterior		382
<i>The Muscles of the Mouth.</i>		
Quadratus Labii Superioris		383
Caninus		383
Zygomaticus		383
Mentalis		383
