

Articulation of the Vertebral Column with the Pelvis	306
The Iliolumbar Ligament	306
Articulations of the Pelvis	306
Sacroiliac Articulation	306
The Anterior Sacroiliac Ligament	307
The Posterior Sacroiliac Ligament	307
The Interosseous Sacroiliac Ligament	308
Ligaments Connecting the Sacrum and Ischium	309
The Sacrotuberous Ligament	309
The Sacrospinous Ligament	309
Sacrococcygeal Symphysis	309
The Anterior Sacrococcygeal Ligament	309
The Posterior Sacrococcygeal Ligament	309
The Lateral Sacrococcygeal Ligament	310
The Interarticular Ligaments	310
The Pubic Symphysis	310
The Anterior Pubic Ligament	310
The Posterior Pubic Ligament	310
The Superior Pubic Ligament	310
The Arcuate Pubic Ligament	310
The Interpubic Fibrocartilaginous Lamina	311
Mechanism of the Pelvis	311

ARTICULATIONS OF THE UPPER EXTREMITY.

Sternoclavicular Articulation	313
The Articular Capsule	313
The Anterior Sternoclavicular Ligament	313
The Posterior Sternoclavicular Ligament	313
The Interclavicular Ligament	314
The Costoclavicular Ligament	314
The Articular Disk	314
Acromioclavicular Articulation	315
The Articular Capsule	315
The Superior Acromioclavicular Ligament	315
The Inferior Acromioclavicular Ligament	315
The Articular Disk	315
The Coracoclavicular Ligament	315
The Trapezoid Ligament	315
The Conoid Ligament	315
The Ligaments of the Scapula	316
The Coracoacromial Ligament	316
The Superior Transverse Ligament	317
The Inferior Transverse Ligament	317
Humeral Articulation or Shoulder-joint	317
The Articular Capsule	317
The Coracohumeral Ligament	318
Glenohumeral Ligaments	318
The Transverse Humeral Ligament	319
The Glenoidal Labrum	319
Bursæ	319
Elbow-joint	321
The Anterior Ligament	321
The Posterior Ligament	322
The Ulnar Collateral Ligament	322
The Radial Collateral Ligament	322
Radioulnar Articulation	324
Proximal Radioulnar Articulation	324
The Annular Ligament	324
Middle Radioulnar Union	325
The Oblique Cord	325
The Interosseous Membrane	325
Distal Radioulnar Articulation	325
The Volar Radioulnar Ligament	325
The Dorsal Radioulnar Ligament	325
The Articular Disk	325
Radiocarpal Articulation or Wrist-joint	327
The Volar Radiocarpal Ligament	327
The Dorsal Radiocarpal Ligament	328
The Ulnar Collateral Ligament	328
The Radial Collateral Ligament	328
Intercarpal Articulations	328
Articulations of the Proximal Row of Carpal Bones	328

Intercarpal Articulations—	
Articulations of the Proximal Row of Carpa Bones—	
The Dorsal Ligaments	328
The Volar Ligaments	328
The Interosseous Ligaments	328
Articulations of the Distal Row of Carpal Bones	329
The Dorsal Ligaments	329
The Volar Ligaments	329
The Interosseous Ligaments	329
Articulations of the Two Rows of Carpal Bones with Each Other	329
The Volar Ligaments	329
The Dorsal Ligaments	329
The Collateral Ligaments	329
Carpometacarpal Articulations	330
Carpometacarpal Articulation of the Thumb	330
Articulations of the Other Four Metacarpal Bones with the Carpus	331
The Dorsal Ligaments	331
The Volar Ligaments	331
The Interosseous Ligaments	331
Intermetacarpal Articulations	331
The Transverse Metacarpal Ligament	331
Metacarpophalangeal Articulations	332
The Volar Ligaments	332
The Collateral Ligaments	332
Articulations of the Digits	333

ARTICULATIONS OF THE LOWER EXTREMITY.

Coxal Articulation or Hip-joint	333
The Articular Capsule	334
The Iliofemoral Ligament	335
The Pubocapsular Ligament	335
The Ischiocapsular Ligament	335
The Ligamentum Teres Femoris	336
The Glenoidal Labrum	336
The Transverse Acetabular Ligament	336
The Knee-joint	339
The Articular Capsule	340
The Ligamentum Patellæ	340
The Oblique Popliteal Ligament	340
The Tibial Collateral Ligament	341
The Fibular Collateral Ligament	341
The Cruciate Ligaments	342
The Anterior Cruciate Ligament	342
The Posterior Cruciate Ligament	342
The Menisci	342
The Medial Meniscus	343
The Lateral Meniscus	343
The Transverse Ligament	343
The Coronary Ligaments	343
Bursæ	345
Articulations between the Tibia and Fibula	347
Tibiofibular Articulation	348
The Articular Capsule	348
The Anterior Ligament	348
The Posterior Ligament	348
Interosseous Membrane	348
Tibiofibular Syndesmosis	348
The Anterior Ligament	348
The Posterior Ligament	348
The Inferior Transverse Ligament	349
The Interosseous Ligament	349
Talocrural Articulation or Ankle-joint	349
The Articular Capsule	350
The Deltoid Ligament	350
The Anterior Talofibular Ligament	351
The Posterior Talofibular Ligament	351
The Calcaneofibular Ligament	351
Intertarsal Articulations	352
Talocalcaneal Articulation	352
The Articular Capsule	352
The Anterior Talocalcaneal Ligament	352
The Posterior Talocalcaneal Ligament	352
The Lateral Talocalcaneal Ligament	352
The Medial Talocalcaneal Ligament	353
